

## **Samoter Innovation Award for self-loading concrete mixer**

A concrete mixer capable of automatically loading pre-packaged bags of cement and aggregates to prepare the mixture, thereby reducing work times, dispersion of dust on construction sites and wastage of materials, the DB X35 BIG BAG – Self-loading mobile mixer for BIG BAG saw Fiori Group Spa win the 22nd SaMoTer Innovation Award in the end of 2016.

The winner was announced at Veronafiere during SaMoTer Day, one of the events leading up to the 30th edition of Italy's most important trade fair dedicated to earth moving, site and building machinery scheduled 22-25 February 2017.

The contest, organized by SaMoTer in collaboration with Imamoter – National Research Council, selects and promotes an international showcase detailing technological progress in the construction equipment industry with the aim of rewarding the investments implemented by companies to develop new products launched on the Italian market in 2017. In addition to the first prize, the jury comprising leading personalities in scientific, academic, research and professional associations, also awarded four special mentions.
