30th INTERNATIONAL EARTH-MOVING AND BUILDING MACHINERY EXHIBITION

VERONA, ITALY | 22-25 February 2017 | samoter.com

SaMoTer, International Earth-Moving and Building Machinery Exhibition, is the leading event in Italy dedicated to the construction industry. This unique event is an ideal occasion for companies and associations in the earth-moving and building machinery business to gather and exchange ideas.

Here are seven good reasons to visit the upcoming SaMoTer, February 22-25, 2017, in Verona, Italy:

- Unique - This is the only sector exhibition in Italy.
- Strategic - It is the main landmark for the construction sector in Europe in 2017.
- Historic - More than 50 years of experience serving the construction industry.
- Cross-Sectoral - The event covers all sectors of the construction world.
- Complete - With its impressive contents, events, follow-up, and educational opportunities, this event is sure to stimulate research.
- Central - Verona, Italy, is located in a strategic geographical position between northern and southern Europe.
- Not to be missed - This is one of the key events for all operators in the industry.
