Nominations for SaMoTer Innovation Award

SaMoTer, the international exhibition in Verona, Italy, dedicated to construction machinery, announced entries are being accepted for the 23rd Innovation Awards. Construction companies, official representatives, importers, research institutions, universities, and professionals active in the world of construction and building site machinery may all take part.

There are ten competition sections: hydraulic excavators, wheel loaders, track-laying bulldozers, skid- loaders, backhoe loaders, graders, telehandlers, attachments, software applications, and installations.

The deadline for entries is October 28, 2019.

More information about the award can be found at [www.samoter.it/en/samoter-innovation-award](http://www.samoter.it/en/samoter-innovation-award)
